## DETAILED ACTION

### Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance: Claims 4 and 14 have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest a method for securing first and second tissues with a suture anchor comprising the steps of: *threading a suture through the second tissue for forming a suture loop in-the second tissue **knotlessly** securing the second tissue in the loop, the loop defining two suture portions; and providing a force to a shaft of the anchor, the force causing clamping of the at least one of the two suture portions in the anchor and deformation of a deformable portion of the anchor, the deformation causing the deformable portion to engage a wall of the borehole thereby to secure the suture anchor to the first tissue and the loop **knotlessly** holding the second tissue to the suture anchor; and further comprising providing a convoluted path for the at least one of the two suture portions in the anchor to assist in securement of the suture portion in the suture anchor, wherein the step of clamping comprises providing a spacing between two clamping members in the anchor and frictionally engaging the at least one of the two suture portions between the clamping members when the force is applied to the suture anchor*, in combination with the rest of the claimed limitations as set forth in claims 4 and 14. As to claim 25, the prior art does not teach the invention including, *the step of forming a suture loop defining two suture portions through a second tissue, thereby securing the second tissue in the loop, clamping at least one of the two suture portions in the suture anchor, and securing the suture anchor to the first tissue, and wherein the loop clamped to the suture anchor*

Art Unit: 3731

**knotlessly** *secures the second tissue to the first tissue, in combination with the rest of the claimed limitations as set forth in claim 25.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
